

# SN AQUA SOLUTION

*A solution. A faith*

**(AN ISO 9001 : 2015 CERTIFIED COMPANY)**

**SPECIALIST IN TOTAL WATER & BEVERAGES FACTORY SETUP**

Solution of Packaged Drinking Water Trunkey Project. Manufacturer & Trader Of All types of Machines for Water Treatment Plant , Fruit Juice Plant, Beverage Plant, PET Bottle Blowing Machine, Bottle Rinsing Filling Capping Machine and all Laboratory Chemicals and Equipments. Also Specializes in service of FSSAI , ISO, CGWA & BIS Certification & Trademark Of any Products.

## **TRUNKEY PROJECT PACKAGED DRINKING WATER/MINERAL WATER**

S N Aqua Solution install entire Packaged Drinking Water/ Mineral Water Plant (Fully Automatic as well as Semi Automatic) on Trunkey basis. We provide end to end services right from plant design to getting BIS (ISI) license and FSSAI Licence. We supply and install entire project as per Bureau Of Indian Standards / specifications of IS:14543 & FSSAI Standards.

## **WATER TREATMENT & PURIFICATION PLANT**

S N Aqua Solution a wide range manufacturer and trader of Water treatment & purification Plant. That product is best of qualities such as formulated by advanced technology and state-of-the-art manufacturing processes. Water treatment & purification Plant with capacities ranging from 250 to 20,000 Litre Per Hour and up, specially design for used in dialysis unit in Hospital, School & College, Drinking water and Beverages plant, Food processing industries & other industrial used.

## **EFFLUENT TREATMENT PLANT (ETP)**

ETP handle industrial waste water, often containing toxic chemicals and heavy metals. It is essential to treat effluent before it enters into any water body. We have developed different technologies to enhance quality of water. We are engaged in offering Effluent treatment plant from last Ten years.

## **SEWAGE TREATMENT PLANT (STP)**

STP treats the sewage to make it fit for safe disposal, agricultural use or domestic use in toilets etc. Sewage usually contains a high quantity of organic and inorganic wastes. It is essential to treat sewage before it enters into any water body. We are engaged in offering Sewage treatment plant from last Ten years.

## **IRON REMOVAL PLANT**

Iron Removal plants are best of qualities such as durability, afford ability, maintenance free, easy to handle & install. We can provide Iron Removal Filtration systems with capacities ranging from 100 Litre to 10,000 Litre Per Hour and up. These systems are ideal for small sized Industry, Residential, Complexes and etc.

## **CARBONATED/NON CARBONATED BEVERAGES PLANT**

Carbonated/Non carbonated soft Drinks, Fruit Juice, Flavouring Drinks, Dairy Projects on trunkey basis complete with design & drawing with all modern technology machinery set up. Those products are manufactured under the guidance of adept professionals using high grade components with the help of ultra-modern technology at par with set market norms.

## **AUTOMATIC BOTTLE RINSER/ FILLER/ CAPPER**

Advanced mechanical design makes machine highly sturdy which gives vibration free operation, easiness in maintenance and long life & duration and value for money. Automatic bottle rinser/filler/capper machine which integrates into one mono block and three processes are carried out full auto-matically, speed range from 1400 to 18000 bottles per hour.

## **PET BOTTLE BLOW MOULDING MACHINE**

Semi Automatic (2 cavity) & Automatic (2 cavity/4 cavity/ 6 cavity) Pet stretch Blow molding machine (Preform to bottle), PLC control gives ruggedness to with stand Vibration, Temperature and Humidity and benefit of consistent quality of the Bottles. The machine operating with all ancillary equipments like Compressor, Water Chiller, Air Dryer and Mould with a high level accuracy.

## **20 LTR JAR RINSER/FILLER/ CAPPER MACHINE**

Automatic 20 Liter PET Jar RFC Machine which integrates Jar Washing, Water Filling and Capping into one mono block and three processes are carried out full automatically, speed range: 100-1000 Jar per hour.

## **LABELLING MACHINE (BOPP/ STICKER)**

The BOPP Labeler machine separate one label from the roll, puts glue to the label, and applies it accurately to your product. Out put range 60 to 200 BPM(for round bottles). Also automatic Single side Sticker Labeling Machine is suitable to apply full/ partial self-adhesive labels on different size of round and square shape container having all surfaces. Capability of this model is labeling upto 120BPM (for square bottle).

## **SHRINK WRAPPING MACHINE**

Automatic sealing and cutting series are applied to the collective packing in food can, water, beverage, alcohol, daily chemical products and daily-life necessity (Applicable to round shape, square shape and flat shape). Roll films to complete the whole process of bagging, filling, sealing and cutting automatically PLC base controller with high packing speed range 8-10 packs per minute.

## **WATER TESTING LABORATORY**

S N Aqua Solution dealing in Scientific laboratory Instruments , Equipments, Chemicals & Glassware to various industries like as Packaged Drinking Water Plant , Food processing Plant, Beverages Plant as per BIS & FSSAI Standards and train to Lab technician for testing both of Chemical & Microbiological parameter as per BIS & FSSAI Standards as well as aware to BIS & FSSAI rules & regulation , so that our customer can maintain to produce a Quality Products.

## **ANNUAL MAINTENANCE CONTRACT(AMC)**

We take the annual maintenance contract to support our Clients to maintain the plant & machinery in a good condition with our expert engineers . Also We take the contract for one year to maintain BIS Licence as well as Product Test from BIS recognized Laboratory from anywhere of India. Our service engineers visits the factory on weekly/ monthly basis and analysis the condition of your factory plant & machinery with BIS Standards & it is a huge support for our clients to run a Project in Smoothly.

## COMPANY PROFILE

We are engaged in offering Turnkey projects of Packaged Drinking Water/ Mineral water Plant and Soft Drinks and Beverages Plant. Specializes in Technical services of FSSAI certification, BIS(ISI) certification, NABL Accrediation of any products.

Since established in the year 2012, S N Aqua Solution an ISO 9001:2015 certified company, is known to be one of the leading manufacturers, suppliers, traders and distributors of Water Treatment Plant , Pet Bottle & Pet Jar Blow Moulding Machine and Bottle Rinsing Filling and Capping Machine and Spare Parts etc.

All our products are developed by intelligent professionals, incorporating varied technological advancements and utilizing the finest raw materials. Our products are known for their unique and innovative design.
